

DTN MOBILE®

## Capitalize on opportunities wherever you go

With fast moving markets, almost every minute counts in spotting additional opportunities to sell higher/ buy lower. And no matter if you're in the field, the cab, or at the ball game — there's DTN Mobile. DTN Mobile will alert you to whatever critical market move or weather threshold you want to know about, as well as provide you with real-time access to quotes, weather and news via your smartphone or tablet.

A true companion to DTN/*The Progressive Farmer's* online and satellite services, DTN Mobile gives you the ability to acquire the time-critical information you need while on the move.

### Your eye on the markets

Never miss a market change while away from your desk or out in the field. DTN/*The Progressive Farmer* is the market leader in mobile delivery of grain price information, with the largest grain bid database in the industry right at your fingertips.

**New!** Now, we've made it easier than ever to view your customized grain bids at a glance. Our new display shows grain bids for multiple periods and commodities in a single view, eliminating the need for extensive scrolling or searching. You'll be able to compare and see who is offering the best prices for your crops and make selling decisions — without returning to the farm or office.

DTN Mobile also uses multiple watch lists so you can track real-time commodity and option prices directly from your wireless device. You can view charts to get an at-a-glance view of how the latest prices correlate with current market trends.

**New!** DTN Mobile has always provided useful access to our unparalleled market commentary from industry experts and analysts. Now, access this great content even more quickly with conveniently placed links to DTN Commentary right on your home screen. Click into your favorite commentaries right away instead of having to navigate through the news and analysis section.

### Real-time weather information

Access detailed weather reports and hourly forecasts for your specific area. With DTN Mobile, you'll get the latest forecasts, radar, and detailed reports for the locations you enter — so you'll be able to make plans for the rest of the day while you're out and about.

For the seventh consecutive year, DTN/*The Progressive Farmer's* precipitation forecasts outperformed others in the industry in an independent study by ForecastWatch.com.

Know how much time you'll have before the rain arrives. DTN/*The Progressive Farmer's* exclusive PrecipTimer® technology tells you precipitation start, stop, and duration times for a specific location — so you'll know when it's a good time to spray, plant, or when you should hurry and finish a job before the storm hits.

### News you can use

Stay up-to-date with mobile access to the largest newsroom in the industry, concentrating specifically on current production issues, government policies, key industry events, market forecasts, and international markets that can impact your business and bottom line.

**New!** DTN/*The Progressive Farmer* ag news is now even more mobile-friendly and easy to use with home content ordering. With it, you can drag and drop available mobile display content in any order you choose. This allows you to select and prioritize information based on what is most important to you — saving you time and the hassle of scrolling.

### Easy set up and easy to use

Easy-to-read format with access to key information on the go. With one click, you'll be receiving all of the information you've come to expect from DTN/*The Progressive Farmer* delivered directly to your personal wireless device. Just click on the link that DTN/*The Progressive Farmer* sends to your mobile device, and you're off and running with the markets, weather, and news you need in a format that's easy to read, easy to follow, and customized for you.

Low-cost start up with no additional expensive equipment to buy. DTN Mobile works on the smartphone or tablet you already own. Receive market and weather thresholds via text message — access charts, radar, and quotes through your wireless Web service. No complicated, device-specific configurations or additional devices to buy.

### The DTN Mobile difference

With its easy-to-use format, complimentary value, technical support, and real-time market, weather and news information delivered directly to your personal wireless device, DTN Mobile is the latest product offered by DTN/*The Progressive Farmer* — the leading provider of agricultural information. In today's ever-changing world, can you really afford to be away from the office or out in the field without the benefits of DTN Mobile?
